Why Hardware Troubleshooting Matters

Hardware issues cause delays and reduce system efficiency

Reliable hardware ensures smooth complaint submission and tracking

Common problems impact power, connectivity, peripherals, servers, and user devices

Fixing hardware keeps the hostel complaint system running reliably

Power, Boot & Cable Issues

Common startup and connection problems in the Hostel Complaint Management System

- Verify power source and cable integrity
- Replace or reseal cables carefully
- Ensure vents are clear and device is in a cool location
- User checks only; technician needed for internal hardware or battery issues

Connectivity & Network Troubleshooting

Diagnosing Wi-Fi, router, and network problems affecting system access

Restart

router and
user device

Move Closer

to access
points

Avoid Peak Times

to reduce
congestion

Report Outages

to technicians for
faster resolution

Peripheral & Server Hardware Issues

Common Problems

Unresponsive keyboards or mice

Blank or flickering displays

Printer or scanner jams and connection failures

Server hardware failures causing downtime

What You Can Do

Check connections and power

Restart devices and software

Clear printer jams as per manual

Escalate to technician for server or persistent faults

Mobile Device & Preventive Maintenance Tips

- 01 Keep software up to date for best performance
- 02 Charge safely and avoid extreme temperatures
- 03 Clean ports regularly and restart as needed
- 04 Manage storage to prevent slow performance

Safety & Escalation Guidelines

Clear steps to handle hardware hazards and critical failures safely.

01 RECOGNIZE THE RISK

Electrical shocks or sparks
Smoke or burning smell
Liquid damage or exposed wiring
Swelling batteries or deformities
Repeated crashes or failures

02 ACT IMMEDIATELY

Disconnect power safely
Do not attempt internal repairs
Avoid further use

03 ESCALATE PROMPTLY

Report the issue right away
Contact hostel technical support or management
Ensure safe handling until resolved

Supporting Efficient Hostel Management

Stable hardware keeps the complaint system reliable and responsive

Let's continue piloting, learning, and improving

Together, we deliver a better experience for every resident

TEAM: JOTHIGA, EKANTIKAA, HARSHIKA, HARINI
